

AZ-104 - Governance and Compliance - Building a cloud governance strategy wth Azure tooling

Building Cloud Governance

Define Governance

- Rules
- Policies
- Compliance standards
- Control over resources
- Enforce rules, policies, and standard

Planing a Cloud Strategy

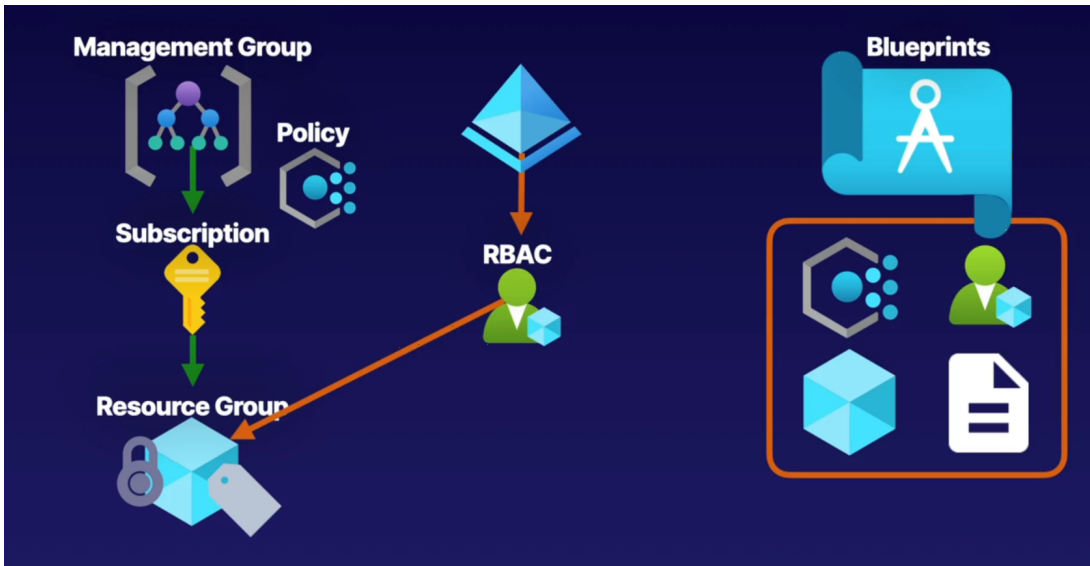

- Define: Define cloud governance needs of he organization.
- Plan: Plan which tools will be used to implement governance.
- Ready: understand how those tools will be used to implement governance.
- Adopt: Implement governance for the organization using a cloud strategy.

Governance Services

- Management groups and subscriptions: Organize subscriptions into hierarchical structures.
- Azure RBAC: Provide resources at varying scopes.
- Policies: Implement policies to enforce standards.
- Locks and Tagging: Lock resources to prevent deletion and tag resources to categorize.

Recommended to investigate more about Azure Blueprints to better understand rules and policies.

Azure Blueprints
