

# LXC

- Nextcloud PI on LXC Container
  - Nextcloud 503 service unavailable

# Nextcloud PI on LXC Container

Nextcloud PI on LXC Container

# Nextcloud 503 service unavailable

Running nextcloud PI on LXC sometimes it stops working and needs a refresh of php service.

```
$ sudo systemctl stop php8.1-fpm.service  
$ sudo systemctl disable php8.1-fpm.service  
$ sudo systemctl enable php8.1-fpm.service  
$ sudo systemctl start php8.1-fpm.service
```
