

Enable wake on lan on Proxmox

Edit `/etc/network/interfaces` and add `post-up /sbin/ethtool -s enp6s0 wol g` (important to check if `ethtool` is installed on system `$which ethtool`)

```
auto vmbr0
iface vmbr0 inet static
    address 192.168.3.10/23
    gateway 192.168.2.1
    bridge-ports enp6s0
    bridge-stp off
    bridge-fd 0
    bridge-vlan-aware yes
    bridge-vids 2-4094
    post-up /sbin/ethtool -s enp6s0 wol g
```
